INDEPENDENT AUDITOR'S OPINION ON THE FINANCIAL STATEMENTS

To the members of the Directive Board and Executive Director
PROFONANPE
Lima – Peru

May 22, 2024

Opinion

1. We have audited the accompanying financial statements of **PROFONANPE** which comprise the statements of financial position as of December 31, 2023 and 2022, statement of comprehensive income, changes in equity and cash flows for the years then ended, and a summary of significant accounting policies and other explanatory notes from 1 to 25.
2. In our opinion, the financial statements above indicated present fairly, in all material respects, the financial position of **PROFONANPE** as of December 31, 2023 and 2022, as well as its financial performance and its cash flows for the years then ended, in accordance with accounting principles described in Note 2 to the audited financial statements.

Matter of importance -

3. According to the principles and practices used by **PROFONANPE** for the accounting registration of funds from Agreements financed by International Cooperation Agencies, and private companies and non – profit organizations, in which it acts as manager of donated financial resources and in other cases derive these to other Government entities or non-profit organizations for the realization of projects on conservation and management of the environment, funds received and expenses executed are recorded through assets accounts (Cash and Cash Equivalents and Financial Investment) and liabilities (Management Funds), which is why they are not included as revenue or as expense in the statement of comprehensive income for the period. This same accounting treatment is applicable for the operations related to the "Funds" that come from the transfers of financial resources made by the Ministry of Energy and Mines and the Agency for Environmental Assessment and Control, by virtue of which, the resources received from each estate trust fund and executed disbursements are accounted in asset and liability accounts, while the commissions for the administration of the trusts are shown in the income statement.

Basis for opinion

4. We conducted our audits in accordance with International Standards on Auditing – ISA formalized in Peru by the Board of Deans of the Peruvian Institute of Public Accountants. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section. We are independent of PROFONANPE in accordance with the Code of Ethics for Professional Accountants of the International Ethics Standards Board for Accountants (IESBA) and the ethical requirements of the Code of Professional Ethics issued by the Board of Deans of Peruvian Institute of Public Accountants that are relevant to our audit of financial statements. We have complied with our ethical responsibilities under the IESBA Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Management' Responsibility for the financial statements

5. Management is responsible for the preparation and fair presentation of the accompanying financial statements in *accordance* with accounting standards applicable to not-for-profit organizations and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as appropriate, matters related to this accounting principle and its use, unless Management intends to liquidate the entity or cease operations, unless it has no realistic alternative but to do so. Those charged with governance of the entity are responsible for overseeing the process of preparing its financial information.

Auditor's Responsibilities for the Audit of the Financial Statements

6. Our objectives are to obtain reasonable assurance about whether the financial statements of PROFONANPE as a whole are free from material misstatement, whether due to fraud or error, and to issue the audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with International Standards on Auditing approved for application in Peru by the Board of Deans of the Peruvian Institute of Public Accountants, we exercise professional judgment and maintain professional skepticism throughout the audit.

Also:

- a) We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error. We design and perform audit procedures responsive to those risks and applied audit procedures to respond to those risks and obtained sufficient appropriate evidence to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- c) We evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.

- d) We conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to disclosures related to the financial statements or, if these disclosures are inadequate, to modify our opinion. The conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the entity to cease to operate as a going concern.
- e) We evaluate the overall presentation, structure, content of the financial statements, including disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate to those charged with governance of PROFONANPE a statement that we have complied with ethical requirements, including the planned scope and timing of the audit, as well as any deficiencies in internal control identified during the audit.

PROFONANPE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2023, AND 2022

1. GENERAL INFORMATION

1.1 Identification

The Peru's Fund for the Promotion of Protected Areas (hereinafter PROFONANPE), is a non-profit institution of private law and public and social interest, established by Law Decree N° 26154 dated December 29, 1992. On February 24, 2021, Supreme Decree No. 001-2021-MINAM was published, which approves the Internal Regulations of PROFONANPE, repealing the previous regulations approved by Supreme Decree No. 024-93-AG.

The regulation of the PROFONANPE's social status was approved by its Board of Directors at the meeting dated August 25, 2009 and registered in the Public Records in Lima, Peru, on January 15, 2010. PROFONANPE is governed by its Statutes and by the rules of the Civil Code of Peru.

By provision of Emergency Decree No. 022-2020, the Executive Power empowered PROFONANPE to carry out the merger by absorption of the National Environment Fund - FONAM, whose process was approved by the PROFONANPE Board of Directors on June 15, 2020.

The legal address of PROFONANPE is located at Félix Dibos No. 400, District of Magdalena del Mar, Lima.

1.2 Economic activity

Activities developed by PROFONANPE are outlined by Law N° 26154 and its regulations approved by the Executive Branch which establishes the National Fund for Natural Areas Protected by the Government – FONANPE, constituted as an intangible trust fund for conservation of natural protected areas. Such activities are aimed to the conservation, protection, and management of Peru's protected areas, promoting conservation and sustainable development of influence zones, like the conservation of cultural and natural heritage included in the protected areas. The projects executed by PROFONANPE are funded by different International Cooperation Agencies and other non-profit organizations.

1.3 Funds managed by PROFONANPE

In compliance with its corporate purpose, PROFONANPE manages the trust fund established by Article 1 of Law N° 26154 aimed to the conservation, protection and management of natural areas protected by the Government. At December 31, 2023, PROFONANPE remains under its management a set of projects funded by International Technical Cooperation Agencies and Government Agencies through the form of an Exchange of External Debt for Nature, as well as private sector entities.

The detail of projects managed by PROFONANPE at December 31, 2023, is shown below:

1.4 New general guidelines for the Investment Portfolio

In the extraordinary session held on August 6, 2020, the Board of Directors approved the general guidelines of PROFONANPE's investment portfolio in a local bank, setting the investment ranges at 40% and 100% in fixed-income financial assets; from 0% to 40% in variable income financial assets; and, from 0% to 20% in alternative income financial assets. In the ordinary session of the Board of Directors on December 20, 2021, agreed to select the company JP Morgan of the United States of America to act as asset manager of PROFONANPE's investment portfolio, as well as various documents for good corporate governance, including investment policy.

1.5 Constitution of Trusts

Upon completion of the merger by absorption process carried out by PROFONANPE on the assets, liabilities, and equity of FONAM, it assumed with banking institutions the contractual position, rights and obligations derived from the trust agreements, these being the following:

a) Trust FONAM III

Through Addendums No. 1 and No. 2 to the investment and administration trust agreement dated December 27, 2019, signed on February 12 and May 5, 2021, between PROFONANPE and Corporación Financiera de Desarrollo - COFIDE, it was established the administration of the trust property. This patrimony comprises S/ 183,422,001 (Ministerial Resolution No. 415-2019-MINEM); S/ 88,268,335 (Ministerial Resolution No. 399-2020-MINEM); and, S/ 98,000,000 (Ministerial Resolution No. 133-2021—MINEM). This trust is oriented to finance the actions for the execution of works for the remediation of the sites impacted by hydrocarbon activities. In 2022, the Government approved a financial transfer in favor of PROFONANPE through Ministerial Resolution No. 358-2022-EM of October 3, 2022 for 12 million soles for said purpose.

b) Trust FONAM II

In accordance with the investment and payments trust agreement entered on September 25, 2015, between FONAM and COFIDE, on August 17, 2020, PROFONANPE and COFIDE signed Addendum 1 to the agreement, in order to manage the trust assets. The trustee assumed the contractual position, rights and obligations of FONAM derived

from the contract. With the trust assets, the Environmental Remediation Contingency Fund was established, in accordance with Law 30321.

c) Contingency Fund for Environmental Remediation

In the letter of December 15, 2020, sent by SCOTIA BANK PERU, it informs that according to the merger by absorption of FONAM registered in the respective registry entry in the Public Registries of Lima, it is not necessary to make any addendum in view that legally all reference to FONAM means that it is now PROFONANPE. This matter is related to the fund administration trust contract signed with SCOTIABANK PERU on February 21, 2007. The amount of the trust under the aforementioned contract amounted to S/ 10,000,000., in accordance with the provisions of Ministerial Resolution No. 619-2006-MEM approved by the Ministry of Energy and Mines on December 27, 2006.

1.6 Approval of financial statements

The financial statements for the year ended December 31, 2023, have been issued and will be submitted for approval of the Board of Directors, in accordance with literal I), article Fifteenth, Title III of the PROFONANPE' Bylaws. In the opinion of executive management, said financial statements will be approved without modifications.

2. ACCOUNTING PRINCIPLES AND PRACTICES

The accounting principles and practices applied in the preparation and presentation of these financial statements are detailed below. These principles and practices have been applied consistently in the year presented, unless otherwise indicated:

a) Basis of preparation and presentation of financial statements

(a.1) Basis of preparation

The financial statements are prepared and presented based on accounting policies established by the institution, which are based on Peruvian Generally Accepted Accounting Principles.

The information contained in PROFONANPE's financial statements is the responsibility of the Executive Management, which expressly confirms that it is present in accordance with the accounting principles and practices applicable to non-profit associations in Peru. The financial statements are prepared based on accounting records, according to the historical cost accounting principles, except for the financial assets at fair value.

(a.2) Basis of presentation

The financial statements are expressed in American dollars as part of this report, which are the result of applying on the historical financial statements in Soles the methodology for translating balances at year end in foreign currency adopted by the entity. This methodology is intended to prepare the financial statements to show the impact of foreign currency in local currency, based on one fiscal year, therefore it is considered the following guidelines:

- i) The conversion process initially requires quantifying the functional currency, which in this case is the Sol.
- ii) The conversion is performed on the following statements: statement of financial position; statement of comprehensive income; statement of changes in equity and statement of cash flows, which are referred to the historic conversion of non-

monetary items and show the effect of conversion on all operations of the period under review.

- iii) The balances of monetary items are translated at the exchange rate at year end established by the Superintendence of Banking and Insurance and AFP, and income and expenses in foreign currency are translated at the exchange rate of the date when each transaction occurred.
- iv) Exchange rates published by the Superintendence of Banking and Insurance and AFP at December 31, 2023 for transactions of purchase and sale for American dollar, were S/. 3.705 and S/. 3.713, respectively. (S/ 3.808 and S/ 3.998 for transaction of purchase and sale at December 31, 2022).

b) Functional currency

Items included in the financial statements are expressed in the currency of the primary economic environment in which the entity (functional currency) operates. The financial statements are presented in Soles which is the functional and presentation currency. Nevertheless, the financial statements are also presented in American dollars at the end of the period.

c) Cash and cash equivalents

For purposes of the statement of cash flows, cash and cash equivalents comprise cash in hand, deposits in current accounts and time deposits in bank institutions. These accounts are not subject to a significant risk of changes in value.

d) Use of estimates

The preparation of financial statements in accordance with applicable accounting standards requires the entity makes estimates and assumptions in determining the amounts of assets and liabilities, income and expenses, and disclosure of significant events in the notes to the financial statements. Actual results could differ from those estimates. Estimates are continually evaluated and are based on historical experience and other factors. The significant estimates related to the accompanying financial statements are referred mainly to the depreciation of fixed assets and amortization of intangibles.

e) Financial instruments

Financial instruments are defined as any contract that simultaneously gives rise to a financial asset in one entity and a financial liability or equity instrument in another entity. Financial assets and liabilities are recognized when the institution becomes a party to the contractual arrangements of the related instruments.

Financial assets and liabilities are initially recognized at fair value plus transaction costs directly attributable to their purchase or issue, except for those classified at fair value through profit or loss, which are initially recognized at fair value and whose transaction cost directly attributable to their acquisition or issue are immediately recognized in profit or loss for the year.

Financial assets

Financial assets are classified at initial recognition as measured at amortized cost, at fair value through other comprehensive income and at fair value through profit or loss.

The classification of financial assets at initial recognition depends on the contractual cash flow characteristics of the financial asset and the institution's business model for managing them. The institution's business model for the financial asset management refers to how it manages its financial assets to generate cash flows. The business model determines whether cash flows will result from the collection of contractual cash flows, the sale of the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a period of time established by regulation or convention in the market (regular transactions) are recognized on the trade date, that is, the date on which the entity commits to purchase or sell the asset.

Classification of financial assets

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of these assets. Debt instruments that meet the following conditions are subsequently measured at amortized cost: i) the financial asset is held within a business model whose objective is to hold financial assets to collect contractual cash flows; and ii) the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the outstanding principal amount. Financial assets at fair value through profit or loss include: i) financial assets designated on initial recognition at fair value through profit or loss; and ii) financial assets mandatorily required to be measured at fair value.

As of December 31, 2023, the institution maintains financial assets at fair value and financial assets at amortized cost. Financial assets at fair value includes cash and cash equivalents and other financial assets. Cash and cash equivalents and other financial assets because they are a method of payment and therefore, it is the basis on which all transactions are identified and recognized in the financial statements. Financial assets at fair value through profit or loss are recorded in the statement of financial position at fair value with net changes in fair value recognized in the statement income. Financial assets at amortized cost, includes other accounts receivable. These financial assets at amortized cost are subsequently measured using the effective interest rate method and are subject to impairment. Gains and losses are recognized in income when the asset is derecognized or impaired.

A financial asset is derecognized when: i) the rights to receive cash flows from the asset have terminated; ii) the entity has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the entire cash flow received immediately to a third party under a pass-through arrangement or; iii) the entity has substantially transferred all the risks and rewards of the asset, or if it has neither transferred nor retained substantially all the risks and reward of the asset, if it has transferred its control.

Financial liabilities

Financial liabilities are classified at initial recognition as financial liabilities at fair value through profit or loss loans and receivable payable or as derivatives designated as hedging instruments in an effective hedge.

All financial liabilities are initially recognized at fair value and, in the case of loans and receivables and accounts payable, net of directly attributable transaction costs.

Financial liabilities on initial recognition are classified as financial liabilities at fair value through profit or loss, loans, accounts payable and other equivalents, as appropriate.

Financial instruments (assets and liabilities) are offset when there is a legal right to offset them and management intends to settle them on net basis or to realize the asset and settle the liability simultaneously.

A liability is derecognized when the obligation related to the liability is discharged or expires.

As of December 31, 2023, the entity maintains the loan and accounts payable category, which includes trade accounts payable, miscellaneous accounts payable and administration funds in the statement of financial position.

f) Investment financial

The Entity's investment portfolio consists of a set of Funds created at the request of International Cooperation Agencies included in the agreements signed with PROFONANPE for the implementation of environmental projects. The Investment Portfolio is managed by a local financial entity and a bank in Switzerland, on the basis of the trust commission contracts entered into and include an automatic renewal clause, which are distributed in fixed and variable income financial assets. These financial assets are recorded at cost in foreign currency and are presented at fair value at the end of the period.

The yields at the end of the year represent the increases obtained by the investment portfolios, which are related to the projects financed by each Agreement. The use of the yields generated by the investments is restricted to the amounts of the budgets prepared by the entity that administers the projects, which must be approved by the respective International Cooperation Organizations

The decreases in each investment portfolio are recorded when there is the withdrawal of funds for the execution of projects that gave rise to them and the payment of commissions for the management of the portfolios against the heading Funds in Administration.

Additionally, in application of the provisions of Emergency Decree 022-2020, PROFONANPE administers the denominated Trusts: FONAM II; Fund for the Remediation of Environmental Liabilities; and FONAM III, which were previously in charge of the former National Fund for the Environment. The yields generated by the funds in trust and the withdrawals are recorded under the Funds in Administration caption in liabilities.

g) Furniture and equipment and accumulated depreciation

Fixed assets are initially recorded at historical cost. Subsequently, they are measured at cost, less accumulated depreciation and the cumulative amount of losses by impairment of assets if applicable. Disbursements for maintenance and repairs are charged to results and all renewal and improvement, is charged to results. All renewal and improvement is always capitalized as long as:

- It is probable that the entity obtains future economic benefits and,
- Its cost can be valued reliably. The cost and corresponding accumulated depreciation of sold or retired assets are removed from the respective accounts and withdrawn net cost is included in the results of the year.

The improvements made to the leased properties are recorded as post of the fixed assets, including the corresponding depreciation.

Maintenance and major repairs

The major maintenance includes the replacement cost of parts of the assets and the overhaul cost that takes place every certain number of periods, in order to maintain the asset's operational capability. The cost of major maintenance capitalizes in the initial recognition of the asset, as a separate component of the good and is depreciated on the estimate of time when the next major maintenance will be required.

Depreciation

The depreciation of assets that comprise this category is calculated following the straight-line method, in order to assign the cost during their estimated useful life, whose detail is as follows:

	<u>Years</u>
Furniture and facilities	10
Computer equipment	04
Transport units and equipment	05
Other equipment	10

The residual value, useful life and depreciation method are periodically reviewed to ensure that the method and the depreciation period are consistent with future economic benefits and life expectations of the items in this category.

h) Intangible

Assets are recorded at acquisition cost, less accumulated amortization, and the cumulative amount of losses by impairment of assets, if applicable. These assets include, primarily, the acquisition of software used in entity's operations and are recognized when:

- The property is under the control of the entity.
- The good is identifiable to any contractual rights.
- Future benefits are expected.

The intangibles that are acquired with funds from projects financed by international cooperation are registered in the caption "funds in administration."

The limited life intangible assets are amortized in a maximum period of 10 years. As a policy, intangibles are amortized under the straight-line method based on its estimated useful life. The period and amortization method are reviewed at the end of the period.

i) Impairment of assets

When there are events or economic changes that indicate the value of a long-lived asset may not be recoverable, the Executive Director reviews at each date of the statement of financial situation, the carrying amount of these assets. If after this analysis, it seems that its carrying amount exceeds its recoverable value, a loss for impairment is recognized in the income statement. Recoverable amounts are estimated for each asset.

j) Management funds

This category represents a deferred liability that reflects the net funds to implement the projects financed by cooperation international donors that PROFONANPE maintained under management. These funds come from cash transfers received to form investment portfolios and / or to the implementation of expenditure on projects.

Credits under this heading occur when the entity receives funds from international cooperating sources to finance the expenses foreseen in the budget of the Agreement, as well as when donors provide for the increase in the investment portfolio created previously. The returns obtained by the portfolios in the year are recorded as a credit to this item and directly affect the balance of the corresponding project subaccount.

Charges in this item are recorded for: i) the withdrawal of funds from the Portfolio required by the entity for the activities in some project; ii) payment of trust commissions in favor of the financial institution that administers the portfolio; and, iii) when the investment Portfolios obtain negative yields. Also, the disbursements of projects that require the acquisition of equipment and vehicles, as appropriate, as well as the financing of intangibles required for institutional strengthening are incorporated.

This same accounting treatment is applicable to operations related to the "Funds" managed by PROFONANPE and come from transfers of financial resources made by the Ministry of Energy and Mines and the Agency for Environmental Assessment and Control, in compliance with laws and legal regulations. The resources received for each trustee equity and the disbursements for the payment of obligations are recorded in asset and liability accounts, while the commissions for the administration of the trusts are shown in the institutional income statements.

k) Employee' benefits

The entity has short-term obligations for employee's benefits that include salaries, social contributions, bonuses, employee severance indemnities. These obligations are normally recorded with a charge to the statement of comprehensive income as they accrue.

l) Provisions

Provisions are recognized when the entity has a present legal or constructive obligation, resulting from past events that are likely to require the delivery of a flow of resources involving economic benefits for settlement and its amount can be estimated reliably.

m) Recognition of revenues

Revenues generated by way of contribution (overhead) to the institutional development for the management of projects financed by international technical cooperation are recorded when received. In this category, the funds received by the entity arising from cash donations from international sources cooperating are not recorded, because they are controlled through of assets and liabilities accounts.

n) Recognition of expenses

Expenses are recognized as they accrue and in the period to which they relate, regardless of when they are paid. Funds applied by project executing entities from cooperating international sources, whose expense receipts are issued in the name of PROFONANPE (project management entity) are not recorded in the statement of comprehensive income, but are controlled through the heading Funds in Administration.

o) Financial income and expenses

Financial income and expenses are recognized in the income statement in the periods to which they are related and are recognized when earned, regardless when it is received or disbursed.

3. CASH AND CASH EQUIVALENTS

It comprises:

	In U.S. Dollars	
	2023	2022
Current accounts for specific purposes (a)	6,858,419	4,574,602
Saving accounts (b)	4,008,018	5,420,821
Fixed-term deposits	-	4,893
Total	<u>10,866,437</u>	<u>10,000,316</u>

(a) Current accounts are held in banks and are denominated in Soles, U.S. Dollars and Euros, whose balances correspond individually to the availability of funds in projects financed by International Technical Cooperation Organizations. These funds are freely available and do not generate interest at market rates.

(b) The balances in savings in financial system entities in Soles, U.S. Dollars and Euros are available free and generate interest.

4. ACCOUNTS RECEIVABLE

It comprises:

	In U.S. Dollars	
	2023	2022
Invoices receivable in foreign currency	<u>20,321</u>	-
Total	<u>20,321</u>	-

As of December 31, 2023, the invoice for US\$ 16,250 US Dollars issued by PROFONANPE for the consulting service for the articulation, technical advice and support in the coordination of the development of specialized studies for the implementation of the "Bioeconomy Fund for the Amazonia", was canceled by the Inter-American Development Bank – IDB on January 31, 2024.

5. OTHER ACCOUNTS RECEIVABLE

It comprises:

	In U.S. Dollars	
	2023	2022
Current:		
Advances to staff and accountability	50,873	130,884

Management policies for Portfolio resources.

The conditions and guidelines established for the management of investment portfolios are the following:

Investment Portfolio

- (a) PY- 015 "Project for the Establishment of the Fund for the Management and Recovery of the Paracas National Reserve": Plus Petrol Peru Corporación S.A.

The Tripartite Agreement signed between PLUSPETROL, SERNANP and PROFONANPE establishes a Fund for the Management and Recovery of the Paracas National Reserve for up to US\$ 7 million, having signed the trust commission agreement with the local bank on September 30, 2009.

The net amount of the investment portfolio as of December 31, 2023, was US\$ 5,863,147.

- (b) PY - 035 "PRONANP Heritage Fund Project": International Bank for Reconstruction and Development – IBRD / KfW Germany

On August 16, 2010, the International Bank for Reconstruction and Development – IBRD, in its capacity as implementing agency of the Global Environment Facility – GEF signed the Grant Agreement TF097155 with PROFONANPE to finance the execution of the project "Strengthening Biodiversity Conservation through the National Program for Protected Areas - PRONANP" for up to US\$ 8.8 million. Of this amount, it was agreed to manage and invest US\$ 3.0 million to create a heritage fund for the financial sustainability of the protected areas within the selected Ecological Corridors. Additionally, in August 2013, a portfolio contribution of EUR 5.0 million (US\$ 6'621,936) was made for the expansion of the contract signed with KfW Germany as of December 31, 2012. In August 2020, the Board of Directors ratified the selection of UBP Swiss Bank as the administrator of the PRONANP Portfolio. In August 2020, the Board of Directors, following the recommendation made by KfW Germany, agreed to transfer the funds of the PRONANP portfolio, included in the FONANPE heritage fund, to the UBP Swiss Bank. Later, in December 2021, the Board of Directors decided to transfer this fund to J.P. Morgan in New York.

The net amount of the portfolio as of December 31, 2023, was US\$ 10,685,437.

- (c) PY-089 "Portafolio PAN III"

It is related to the Debt Swap operation with the Government of Germany signed on June 30, 2011 for EUR 7,998,907 (approximately US \$ 8.2 million), to support the project. Of this amount, project financing amounted to EUR 5.7 million. On December 12, 2011, a trust commission contract was signed with a local bank, valid for one year and renewable for equal periods.

The net amount as of December 31, 2023, of the investment portfolio amounted to US\$1,978,914.

- (d) PY – 046 "Natural Resources Management Project in the Morona and Pastaza River Basins": Foreign Debt Swap with the Government of Germany

The Peruvian-German Intergovernmental Debt Restructuring Agreement between the Government of Peru and the Government of Germany allocated Deutsche Mark 14.7 million to this project. The trust commission agreement with the local bank was signed on September 01, 2003 for annual terms, renewable in equal periods, and the last addendum to the agreement was signed on March 31, 2014.

The net amount of the investment portfolio as of December 31, 2023, was US\$ 2,988,507.

- (e) PY-056 "Project Heritage Fund "Strengthening the Sustainable Management of the National Reserve System of Islands, Islets and Puntas Guaneras".

On February 11, 2014, a Grant Agreement was signed between the World Bank, in its capacity as the implementing agency of the Global Environment Facility – GEF and PROFONANPE, to finance project activities for up to US\$ 8.9 million. The establishment of a heritage fund for US\$ 2.0 million is also foreseen, and the trust commission agreement was signed on December 19, 2014 and is valid for one year, renewable for equal periods.

The net amount of the portfolio as of December 31, 2023, was US\$ 1,987,360.

- (f) PY-064 “Vilcanota Reserve Network, Polylepis Forest Conservation in Peru”.

On September 09 and 25, 2017, Global Conservation Fund and PROFONANPE signed a Grant Agreement for the establishment of the Vilcanota Polylepis Heritage Fund for US\$ 938,908.09. The purpose of the Fund is to finance the administrative costs of conserving the biological diversity of the Vilcanota Polylepis Reserve in accordance with the terms and conditions set forth in the operations manual and in each operational plan. In this context, the State Natural Protected Areas Service – SERNANP must ensure that expenditures are used exclusively to finance the costs of biodiversity conservation in the Reserve Areas. On February 16, 2020, PROFONANPE signed a trust commission agreement with a local bank to invest the funds received.

The net amount of the portfolio as of December 31, 2023, was US\$ 981,631.

- (g) PY- 080 “National Environmental Fund – FONANPE”.

At the December 14, 2020 meeting, the Board of Directors approved the integration of the investment portfolios corresponding to the following projects: PRONANP (PY-035); FINLANDIA II (PY-025); GPAN (PY-020); GEF (PY-002); SINANPE III (PY-036); Alto Mayo (PY-005); and Canada (PY-026), transferring the funds from these portfolios to constitute FONANPE (PY-80). The entity has entered into a trust commission agreement with a local bank for the administration of FONANPE funds.

The net amount of the portfolio as of December 31, 2023, was US\$ 13,288,128.

- (h) PY-085 “SINANPE Strengthening Project”

This is an extinguishable portfolio that has its origin in FONANPE's portfolio and has been established by agreement of the Board of Directors for up to US\$1.33 million to finance SINANPE and SERNANP activities and institutions, as well as to finance the organization of PROFONANPE's first project competition.

The net amount of the portfolio as of December 31, 2023, was US\$ 978,309.

- (i) PY-139 “Project REDD Cordillera Azul – II”

This portfolio generated from the sale of CIMA's carbon credits to Total Energies Nature-Based Solutions (TENBS). There are US\$ 30 million remaining that are certified by Verra and will be incorporated into the portfolio as a result of trading to TENBS. In addition, there are 5.3 million VCUs (Verified Carbon Unas) that are verified and ready to trade.

The net amount of the investment portfolio as of December 31, 2023, was US\$ 50,103,386.

- (j) PY-139 “ REDD Cordillera Azul II Project”

This Portfolio generated by the sale of CIMA carbon credits to Total Energies Nature-Based Solutions (TENBS). There remain US\$30 million that are certified by Verra and will be incorporated into the portfolio, the result of marketing to TENBS. In addition, there are 5.3 million VCUs (Verified Carbon Unas) that are verified and ready to market.

The net amount as of December 31, 2023 of the investment portfolio amounted to US\$50,103,386.

(k) PY-016 "Contingencias PROFONANPE"

This portfolio was created to seek superior options for making cash balances profitable compared to current account deposits; it is aimed at financing institutional current spending. In this sense, a series of withdrawals have been established for the year 2024. Given the nature of the expense and origin of the funds, it is not considered within the portfolio of projects under approval of the Board of Directors regarding resource management.

The net amount as of December 31, 2023 of the investment portfolio amounted to US\$520,167.

(l) PY-135 "Declaración Conjunta de Intención (DCI) para la reducción de la emisión de gases invernadero procedentes de la desforestación y degradación de forestal (REDD+)"

On September 23, 2014, the Government of the Republic of Peru, the Norwegian Government and the Government of the Republic of Germany signed a Joint Declaration of Interest – DCI, whose objective is to contribute significantly to the reduction of greenhouse gas emissions. (GHG) from deforestation and forest degradation in Peru and contribute to the sustainable development of the country.

In 2021, the Ministers of Environment of the Government of the Republic of Peru, the Government of Norway, the Government of the United Kingdom of Great Britain and Northern Ireland signed an Addendum reaffirming and extending the DCI until 2025.

In this context, the Norwegian Ministry of Climate and Environment decided to contribute US\$10 million to Peru through the Norwegian Development Cooperation Agency (NORAD) for the milestones achieved in phase 1 and phase 2 under the DCI. .

The net amount as of December 31, 2023, of the investment portfolio amounted to US\$10,041,980.

(m) PY-135 "Joint Declaration of Intent (DCI) for the reduction of greenhouse gas emissions from deforestation and forest degradation (REDD+)"

On September 23, 2014, the Government of the Republic of Peru, the Norwegian Government and the Government of the Republic of Germany signed a Joint Declaration of Interest – DCI, whose objective is to contribute significantly to the reduction of greenhouse gas emissions. (GHG) from deforestation and forest degradation in Peru and contribute to the sustainable development of the country.

In 2021, the Ministers of Environment of the Government of the Republic of Peru, the Government of Norway, the Government of the United Kingdom of Great Britain and Northern Ireland signed an Addendum reaffirming and extending the DCI until 2025.

In this context, the Norwegian Ministry of Climate and Environment decided to contribute US\$10 million to Peru through the Norwegian Agency for Development Cooperation (NORAD) for the milestones achieved in phase 1 and phase 2 under the DCI.

The net amount as of December 31, 2023 of the investment portfolio amounted to US\$10,041,980.

- (n) PY-159 “Administration over the protected natural area Tambopata National Reserve and the Bahuaja Sonene National Park in the Department of Madre de Dios”.

Through letter No. 193-2023-AIDER dated July 5, 2023, AIDER informed SERNANP that the Tambopata National Reserve and the Bahuaja Sonene National Park could be part of the carbon credits by allowing them to generate income that exceeds the budget approved in the 2023; Therefore, it was considered pertinent to have US\$ 7 million in American dollars for the creation of a financial mechanism for the benefit of both protected natural areas, in order to contribute to their sustainability over time.

Subsequently, with letter No. 608-2023-SERNANP-GG dated July 31, 2023, SERNANP gave its approval to the management proposal prepared by PROFONANPE for the creation and administration of a fund for financial and investment management with balances of the carbon credits of the REDD+ project that AIDER has within the framework of the Administration Contract on the protected natural area in the Tambopata National Reserve and the Bahuaja Sonene National Park in the Department of Madre de Dios. Subsequently, in October 2023, the SERNANP -AIDER - PROFONANPE agreement was signed to entrust the administration of financial resources, with the purpose of preserving the value of the net capital of the withdrawals made (profitability and capital) and generating returns for contribute to the financial sustainability of the Tambopata National Reserve Protected Areas and the Bahuaja Sonene National Park.

On October 27, 2023, the former INRENA and AIDER signed the Administration Contract over the protected natural area Tambopata National Reserve and Bahuaja Sonene National Park in the department of Madre de Dios, signed between the then Institute of Natural Resources INRENA (now, Service National Natural Areas Protected by the State Administration Contract - SERNANP) entrusted AIDER with the execution of the management and administration operations of the biological monitoring and research components.

The net amount as of December 31, 2023 of the investment portfolio amounted to US\$7,020,680.

- (o) PY-95 Trust FONAM II

Article 23 of the regulations on mining environmental liabilities published as an annex to Supreme Decree N° 059-2005-EM, stipulates that mining environmental liabilities will be remediated through trusts entered by the National Environmental Fund – FONAM. Subsequently, Law N° 30321 was enacted and published on May 07, 2005, creating the Contingency Fund for Environmental Remediation to finance environmental remediation actions at sites impacted by hydrocarbon activities. Article 2° of the law assigns the Fund the sum of fifty million soles as initial capital (30 million soles contributed by the Ministry of Energy and Mines and 20 million soles contributed by the Environmental Evaluation and Control Agency – OEFA) to finance actions in the geographical area of the Pastaza, Tigre, Corrientes and Marañon river basins in the Loreto Region. Subsequently, on September 25, 2015, FONAM entered into an investment and payment trust agreement with Development Finance Corporation – COFIDE for up to fifty million soles.

Finally, on August 17, 2020, COFIDE and PROFONANPE signed Addendum N° 1 to the investment and payment trust agreement, the latter assuming the contractual position, rights and obligations of the former FONAM.

The net amount as of December 31, 2023 of the investment portfolio of the FONAM II trust was US\$ 6,179,252.

(p) PY-101 Environmental Liability Remediation Fund

Based on Law N° 28271 which regulates environmental liabilities in mining activities and provides that the former FONAM is in charge of raising resources to address and settle environmental liabilities, as well as article 23 of the environmental liabilities regulation published on December 09, 2005 as an annex to Supreme Decree N° 059-2005-EM, which establishes that environmental liabilities will be remediated through trusts entered into by FONAM for such purpose, On December 27, 2006, the Ministry of Energy and Mines – MEM and FONAM signed an inter-institutional cooperation agreement for the latter to select, hire and supervise a trust entity to manage the trust assets to remediate environmental liabilities from mining activities in the department of Cajamarca. For such purpose, the Ministry of Energy and Mines transferred the amount of ten million soles as a trust. Subsequently, the former FONAM and SCOTIABANK PERÚ signed a trust fund management agreement on February 21, 2007, for the aforementioned amount.

Finally, on February 21, 2007, the former FONAM signed a trust fund management agreement with SCOTIABANK PERU SAA, which remained in force until the issuance of Emergency Decree N° 022-2020, which stipulated that PROFONANPE should merge with the former FONAM and, subsequently, on December 15, 2020, the trust bank stated that all references to the former FONAM are understood to correspond to PROFONANPE.

The net amount as of December 31, 2023, of the Fund was US\$ 1,187,532.

(q) PY-105 Trust – FONAM III

Law N° 30887 authorized the Ministry of Energy and Mines – MEM to use balance sheet balances of up to 274 million soles to finance the execution of environmental remediation actions in the mining and hydrocarbon sub-sectors, having been approved by Ministerial Resolution N° 376-2019-MINEM/DM for sites impacted by hydrocarbon activities in the Corrientes, Pastaza and Tigre river basins. On December 14, 2019, the Ministry of Energy and Mines entered into a financial resource transfer agreement with the former FONAM, whereby the latter undertook to set up a trust with the resources from the financial transfer through the selection, contracting and supervision of the trust entity in charge of managing the trust assets for up to S/ 183'422,001. In this context, on December 18 and 27, 2019, Development Finance Corporation – COFIDE and the former FONAM signed the investment and fund management trust agreement for the constitution of the trust assets and management, with the ordinary contribution amounting to the aforementioned amount for a term of five years, as well as the remuneration agreement regulating the commissions that the trustee is entitled to receive.

Additionally, through Ministerial Resolution N° 399-2020-MINEM of December 25, 2020, the Ministry of Energy and Mines authorized the financial transfer in favor of PROFONANPE in the amount of S/ 88'268,335, destined to finance the execution of environmental remediation actions of sites impacted by hydrocarbon activities. On February 15 and May 06, 2021, COFIDE and PROFONANPE signed Addenda 1 and 2 to the trust agreement. In addition, by Ministerial Resolution N° 133-2021-MINEM, the Ministry of Energy and Mines transferred S/ 98 million to FONAM III and, subsequently, by Ministerial Resolution N° 358-2022-EM, the transfer of S/ 12 million was approved for the same purpose.

The net amount as of December 31, 2023, of the trust was US\$ 105,322,194.

Annual performance of investments in the Portfolio

At the end of 2023, eight equity investment portfolios were managed: five extinguishable portfolios and four trusts, with a total value of USD 232 million as of December 31, 2023. This represents a growth of 23.6% compared to 2022 (+USD 44 million).

The increase in funds is caused by contributions to the Cordillera Azul portfolio (+USD 20 million), the creation of the new extinguishable portfolios: Tambopata National Reserve and Bahuaja Sonene National Park (RNTAM PNBS) (+USD 7 million) and NORAD (+USD 10 million). Likewise, during the year two portfolios were closed: Datem del Marañón (funds used in their entirety) and Fida Merese (MINAM, requested the total transfer of funds).

The gross return of the PROFONANPE Investment Portfolio as of December 31, 2023, amounted to USD 16,676,847, the details of which are shown below:

	In U.S. Dollars
- Initial balance	187,922,485
- Contributions/Transfer	39,903,739
- Commissions and management	(756,800)
- Gross performance	16,676,847
- Withdrawal	(11,497,245)
	<u>232,249,026</u>

The movements of the investment portfolio as of December 31, 2023, and its structure made up of fixed interest, variable interest, and alternative interest securities, are shown in Annex's 1, 2 and 3 of supplementary information.

8. FURNITURE AND EQUIPMENT

The variation of the account and its related accumulated depreciation for the years ended December 31, 2023, and 2022, is as follows:

	Building, Improvement In leased properties	Furniture	Transport Unit	Computer equipment	Other equipment	Final balance
Year 2023:						
Opening balance	-	12,519	-	19,019	9,605	41,143

Financial expenses	(1,557,276)	(1,717,404)
	<u>26,719</u>	<u>319,501</u>

22. TAXES STATUS

According to article 19 of the Single Ordered Text (TUO) of the law on income tax, issued by legislative decree No. 774 and its regulations approved by supreme decree N° 179-2004-EF, modified by legislative decree N° 1312 that modifies Income tax law, non-profit associations in Peru are not subject to the tax. Law N° 30404 extended the exemptions included in article 19 of the TUO of the income tax law until December 31, 2018 and Law N° 30898 extended the exemption until December 31, 2019. Subsequently, the emergency decree N° 025-2019, ordered to extend until December 31, 2020, the exemption from the payment of income tax to foundations and non-profit associations, whose constitution instrument includes the following purposes: charity, social assistance, education, cultural, scientific, artistic, literary, sports, political, union and / or housing. Subsequently, through Law No. 31106 exemption in the payment of Income Tax was extended until December 31, 2023. Additionally, by Legislative Decree No. 1549 of April 22, 2023, the same exemption was extended until December 31, 2026.

The Income Tax affidavits submitted for the years 2019 to 2023 are pending for review by the National Customs and Tax Administration Superintendence – SUNAT which have authority to carry out this procedure, including the unaffected taxpayers within the following 4 years after submitting the affidavit. Considering the possible interpretations that tax authorities may provide on current tax regulations, it is not possible to determine to date, if the revisions to be performed could be liabilities or not for the institution.

In the opinion of the Executive Director of PROFONANPE, any eventual additional tax settlement would not be important for the financial statements, as of December 31, 2023.

23. FINANCIAL RISK MANAGEMENT

The risk management structure is based on the Board of Directors and the Executive Director of the entity, who are responsible for identifying and controlling the risks to which the entity is exposed, as explained below:

i. Board of directors.

It is the body responsible for establishing the general approach to risk management and the approval of current policies and strategies. The Board of Directors is responsible for providing the principles for risk management, as well as the policies prepared for specific areas, such as exchange rate risks and interest rate risk.

ii. Executive Director.

It is responsible for supervising the entity's risk management. Likewise, it provides security over the procedures and financial risks identified, measured and managed in accordance with the guidelines approved by the Board of Directors. The Executive Director reviews and approves the risk management policies as described below.

iii. Administrative Manager

The Executive Director is supported by the Administrative Manager, being responsible for managing the entity's flow of funds on a daily basis, taking into consideration the policies, procedures and limits set by both the Board of Directors and the Executive Director.

Financial Risks

PROFONANPE's activities are exposed to a set of financial risks, the potential adverse effects of which are permanently evaluated by the Executive Director, in order to minimize them. Likewise, the Executive Director approves and reviews the policies to manage the risks indicated below:

a) Market Risk

It is the risk that fair value of future cash flows of a financial instrument will fluctuate due to changes in market prices. In the case of the entity, market risks comprise two types of risk: foreign exchange risk and interest rate risk.

i) Exchange rate risk

This risk determines that the fair value of future cash flows of a financial instrument will fluctuate due to variations in exchange rates. The Executive Directorate is responsible for identifying, measuring, controlling, and reporting on the entity's

exposure to exchange risk. The exchange risk arises when the entity presents mismatches between its asset, liability, and off-balance sheet positions in the currencies in which it operates, which are mainly Soles (functional currency) and US dollars. The Executive Directorate monitors this risk through the analysis of the country's macroeconomic variables, if they are applicable.

Operations in foreign currency are carried out at market exchange rates published by the Superintendency of Banking and Insurance and Pension Fund Administrators. As of December 31, 2023, the weighted average market exchange rates for transactions in US dollars were S/ 3.705, for purchase and S/ 3.713, for sale (S/ 3,808 for purchase and S/ 3,820 for sale as of December 31, 2022).

As of December 31, 2023 and 2022, the entity has the following assets and liabilities in foreign currency that are summarized below:

	In U.S. Dollars	
	2023	2022
	US \$	US \$
Assets:		
Cash and cash equivalents	5,117,769	4,938,594
Accounts Receivable	20,321	-
Other accounts receivable	357,291	354,156
Advances from suppliers	35,604	34,570
	5,530,185	5,327,320
Liabilities:		
Other accounts payable	(581,763)	(551,457)
	4,949,222	4,775,863

ii) Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates affect future cash flows or the fair values of the entity's financial instruments. As of December 31, 2022, PROFONANPE does not maintain financing with banking entities, nor assets or liabilities that accrue variable interest rates, so the Executive Directorate considers that it is not exposed to this risk.

b) Liquidity risk

It is the risk that the entity will not be able to meet its payment obligations related to financial liabilities at maturity. The consequence would be default in the payment of its obligations towards third parties. As of December 31, 2023, financial liabilities are supported by income flows from cash and cash equivalents and accounts receivable in general. Liquidity is controlled by matching the maturities of its assets and liabilities; obtaining credit lines and maintaining surplus liquidity, which guarantees the entity to carry out its activities without financial difficulties.

Liquidity risk management involves maintaining sufficient cash and availability of funding. The Executive Director guide its efforts to maintain the sources of funding provided by donors for the implementation of its activities in the execution of projects.

c) Credit risk

The credit risk or the risk of default of the counterparties with which the entity has carried out operations is controlled through the approval of limits and monitoring procedures. As of December 31, 2023, PROFONANPE does not carry out credit operations with third parties, for which reason the Executive Director considers that it is not exposed to this risk.

d) Fair value

Fair value is defined as the amount for which an asset could be exchanged or a liability settled between knowledgeable and willing parties in a current transaction on the assumption that the entity is a going concern.

Fair value is a market-based measurement, so a financial instrument traded in an actual transaction in an active liquid market has a price that supports its fair value. When the price for a financial instrument is not observable, fair value should be measured using another valuation technique, seeking to maximize the use of relevant observable variables and minimize the use of unobservable variables.

The assumptions and calculations used to determine the fair value of financial assets and financial liabilities are as follows:

- (i) Financial instruments recorded at fair value. Within this category, the entity considers investments in fixed income and variable income financial assets that make up its Investment Portfolio (included in the "Financial Investments" heading of the statement of financial position).
- (ii) Instruments whose fair value is similar to the book value. Within this category, the entity considers cash and cash equivalents, other accounts receivable and liabilities in general.

On this basis, at December 31, 2023, there are no differences between the carrying amounts and fair values of the entity's financial instruments presented in the statement of financial position.

24. CONTINGENCIES

In the opinion of PROFONANPE's Management and its legal advisor, there are no important trials or lawsuits pending resolution or other contingencies against the institution as of December 31, 2023.

25. SUBSEQUENT EVENTS

From December 31, 2023 and up to the date of this report, no other significant event has occurred that could have an impact on the financial statements prepared for that institution.

INDEPENDENT AUDITOR'S OPINION ON COMPLEMENTARY INFORMATION

To the members of the Board of Directors and Executive Director

PROFONANPE

Lima - Peru.-

1. In regard to the audit of financial statements of **PROFONANPE** as of December 31, 2023, on which we have issued our report on May 22, 2024, we have also reviewed the additional financial information required by that entity included in Annexes N° 1 "Movement of Investments Portfolio"; N° 2 "Structure of Investment Portfolio"; and N° 3 "Project Balance". These annexes have been prepared by PROFONANPE in compliance to its records, according to accounting principles described in Note 2 to the financial statements.
2. Our review was conducted in order to express an opinion on the financial statements taken as a whole. The accompanying additional financial information is submitted pursuant to the requirements established by **PROFONANPE** and is not necessary for a fair presentation of the financial statements at that date. This additional information has been subject to audit procedures applied to the financial statements and therefore, included selective tests of the accounting and implementing other audit procedures as we consider necessary in the circumstances, therefore, in our opinion is fairly presented, in its important respects in relation to the financial statements taken as a whole.
